A

Abreu, Bruno T. de (2)

[Generating test scenarios and improving software quality with model-based testing](#)

Letizio, C. C.; Villas-Boas, F. R.; Abreu, B. T.

[Advance adherence to the upcoming standard ISO/IEC 29119](#)

Villas-Boas, F. R.; Almeida, É. R. C.; Abreu, B. T.

Almeida, Erika R. C. de (2)

[Testing model transformations which derive executable test cases from abstract ones](#)

Almeida, E. R. C.; Martins, E.

[Advance adherence to the upcoming standard ISO/IEC 29119](#)

Villas-Boas, F. R.; Almeida, É. R. C.; Abreu, B. T.

Ambrosio, Ana Maria (3)

[How Much Test Costs Are Impacted by Test Environment Development and Maintenance?](#)

Mendonça, C. H.; Ambrosio, A. M.

[A New State-Model Based Approach for Refinement of Space Application Requirement](#)

Morais, M. H. E.; Ambrosio, A. M.

[Generation Environment, Execution and Test Management Software Embedded](#)

Reis, M. F.; Ambrosio, A. M.; Ferreira, M.

Anjos, Jose Marcos Silva (1)

[Applying the CoFI Testing Methodology to a Multifunctional Robot End-Effector](#)

Anjos, J. M. S.; Gripp, J.; Pontes, R. P.; Villani, E.

Araújo, Afonso Neto (1)

[Towards Security Benchmarking of Transactional Systems](#)

Araújo, A. N.

Azevedo, Renato Preigschadt de (1)

[A Bidimensional Wavelet Transform based Algorithm for DoS Attack Detection](#)

Azevedo, R. P.; Mozzaquatro, B.; Cappel, C.; Nunes, R. C.; Schaerer, C. E.; Kozakevicius, A.

C

Campos, Filipe (1)

[Achieving Eventual Leader Election in WS-Discovery](#)

Campos, F.; Pereira, J.; Oliveira, R.

Campos, José Creissac (2)

[Supporting requirements formulation in software formal verification](#)

Campos, J. C.; Machado, J.

[Partial Plant Models in Formal Verification of Industrial Automation Discrete Systems](#)

Machado, J.; Campos, J. C.

Cappo, Cristian (1)

[A Bidimensional Wavelet Transform based Algorithm for DoS Attack Detection](#)

Azevedo, R. P.; Mozzaquatro, B.; Cappo, C.; Nunes, R. C.; Schaerer, C. E.; Kozakevicius, A.

Corsetti, Andre (1)

[FPGA-based fault injection architecture for real time software dependability testing](#)

Corsetti, A.

D

Dotti, Elmer (1)

[The Dependability Approach for the New Version of VLS On Board Software](#)

Dotti, E.; Lahoz, C. H. N.

F

Fadel, Aline Cristine (1)

[Automated validation of embedded optical network software](#)

Fadel, A. C.; Moraes, R.; Martins, E.

Faria, Alexandre Wagner Chagas (2)

[A reliable computational system for estimate the performance curve of pmdc motors](#)

Silva, G. F.; Marques, S. T.; Faria, A. W. C.

[A Vision System for Electronic Control Unit Testing Using Hardware In the Loop](#)

Vasconcelos, T. M.; Faria, A. W. C.

Ferreira, Mauricio (1)

[Generation Environment, Execution and Test Management Software Embedded](#)

Reis, M. F.; Ambrosio, A. M.; Ferreira, M.

Fialho, Márcio Afonso Arimura (1)

[Interesting Results with an Optimizing Compiler when Refactoring Embedded Code](#)

Fialho, M. A. A.

G

Galantini, Renato (1)

[Security Validation through Fault Injector Plug-in](#)

Galantini, R.

Gripp, Juliano (1)

[Applying the CoFI Testing Methodology to a Multifunctional Robot End-Effector](#)

Anjos, J. M. S.; Gripp, J.; Pontes, R. P.; Villani, E.

K

Kozakevicius, Alice (1)

[A Bidimensional Wavelet Transform based Algorithm for DoS Attack Detection](#)

Azevedo, R. P.; Mozzaquatro, B.; Cappo, C.; Nunes, R. C.; Schaerer, C. E.; Kozakevicius, A.

Kucinskis, Fabrício de Novaes (1)

[Validation of Reasoning and Decision-Making of a Satellite Autonomous On-board Software](#)

Kucinskis, F. N.

L

Lahoz, Carlos H. N. (1)

[The Dependability Approach for the New Version of VLS On Board Software](#)

Dotti, E.; Lahoz, C. H. N.

Letizio, Caroline C. (1)

[Generating test scenarios and improving software quality with model-based testing](#)

Letizio, C. C.; Villas-Boas, F. R.; Abreu, B. T.

Lopes, Rui (1)

[Practical Results from Requirements Verification for HW/SW Complex Systems](#)

Silva, N.; Lopes, R.

M

Machado, José (2)

[Supporting requirements formulation in software formal verification](#)

Campos, J. C.; Machado, J.

Partial Plant Models in Formal Verification of Industrial Automation
Discrete Systems

Machado, J.; Campos, J. C.

Manelli, Humberto Neto (1)

Use of Design Diversity to Mitigate COTS Design Faults in Flight
Controls System Applications

Manelli, H. N.; Souza, M. L. O.

Marques, Johnny Cardoso (1)

Modification to Legacy Software Developed per DO-178A Level 1 to
DO-178B Level A: How to Organize Software Life Cycle Data for
Software Approval in Aircraft Certification

Marques, J. C.

Marques, Samantha Teixeira (1)

A reliable computational system for estimate the performance curve of
pmdc motors

Silva, G. F.; Marques, S. T.; Faria, A. W. C.

Martins, Eliane (2)

Testing model transformations which derive executable test cases from
abstract ones

Almeida, E. R. C.; Martins, E.

Automated validation of embedded optical network software

Fadel, A. C.; Moraes, R.; Martins, E.

Mendes, Naaliel (1)

Benchmarking the Security of Web Serving Systems

Mendes, N.

Mendonça, Cassio Henrique (1)

How Much Test Costs Are Impacted by Test Environment Development
and Maintenance?

Mendonça, C. H.; Ambrosio, A. M.

Moraes, Regina (1)

Automated validation of embedded optical network software

Fadel, A. C.; Moraes, R.; Martins, E.

Morais, Marcelo Henrique Essado de (1)

A New State-Model Based Approach for Refinement of Space Application
Requirement

Morais, M. H. E.; Ambrosio, A. M.

Morigaki, Roberto (1)

Requirements for an Instrumentation Tool of Distributed Airborne Safety
Critical Software

Morigaki, R.

Mozzaquatro, Bruno (1)

[A Bidimensional Wavelet Transform based Algorithm for DoS Attack Detection](#)

Azevedo, R. P.; Mozzaquatro, B.; Cappo, C.; Nunes, R. C.; Schaerer, C. E.; Kozakevicius, A.

N

Nunes, Raul Ceretta (1)

[A Bidimensional Wavelet Transform based Algorithm for DoS Attack Detection](#)

Azevedo, R. P.; Mozzaquatro, B.; Cappo, C.; Nunes, R. C.; Schaerer, C. E.; Kozakevicius, A.

O

Oliveira, Rui (1)

[Achieving Eventual Leader Election in WS-Discovery](#)

Campos, F.; Pereira, J.; Oliveira, R.

P

Paulo, João (1)

[Model Checking a Decentralized Storage Deduplication Protocol](#)

Paulo, J.; Pereira, J.

Pereira, José (2)

[Achieving Eventual Leader Election in WS-Discovery](#)

Campos, F.; Pereira, J.; Oliveira, R.

[Model Checking a Decentralized Storage Deduplication Protocol](#)

Paulo, J.; Pereira, J.

Pereira, Thiago Duarte (1)

[An Architecture for Test Procedures Execution Applied to a Satellite's On-Board Data Handling Computer \(OBDH\)](#)

Pereira, T. D.

Pontes, Rodrigo Pastl (1)

[Applying the CoFI Testing Methodology to a Multifunctional Robot End-Effector](#)

Anjos, J. M. S.; Gripp, J.; Pontes, R. P.; Villani, E.

R

Reis, Marcos Flávio (1)

[Generation Environment, Execution and Test Management Software Embedded](#)

Reis, M. F.; Ambrosio, A. M.; Ferreira, M.

Rodrigues, Luiz Antonio (1)

A MPI Implementation of Gusfield's Algorithm to Generate Cut Trees
Rodrigues, L. A.

S

Schaerer, Christian E. (1)

A Bidimensional Wavelet Transform based Algorithm for DoS Attack Detection
Azevedo, R. P.; Mozzaquatro, B.; Cappo, C.; Nunes, R. C.; Schaerer, C. E.; Kozakevicius, A.

Silva, Giorgio Felix da (1)

A reliable computational system for estimate the performance curve of pmdc motors
Silva, G. F.; Marques, S. T.; Faria, A. W. C.

Silva, Nuno (1)

Practical Results from Requirements Verification for HW/SW Complex Systems
Silva, N.; Lopes, R.

Silva, Rovedy Aparecida Busquim e (1)

An Approach for Dependability Conformance Analysis from Code to Architecture Description
Silva, R. A. B.

Souza, Marcelo Lopes de Oliveira e (1)

Use of Design Diversity to Mitigate COTS Design Faults in Flight Controls System Applications
Manelli, H. N.; Souza, M. L. O.

V

Vasconcelos, Thiago Martins de (1)

A Vision System for Electronic Control Unit Testing Using Hardware In the Loop
Vasconcelos, T. M.; Faria, A. W. C.

Villani, Emília (1)

Applying the CoFI Testing Methodology to a Multifunctional Robot End-Effector
Anjos, J. M. S.; Gripp, J.; Pontes, R. P.; Villani, E.

Villas-Boas, Fernando R. (2)

Generating test scenarios and improving software quality with model-based testing
Letizio, C. C.; Villas-Boas, F. R.; Abreu, B. T.

Advance adherence to the upcoming standard ISO/IEC 29119
Villas-Boas, F. R.; Almeida, É. R. C.; Abreu, B. T.
